

BULGARIAN JOURNAL OF PLANT PHYSIOLOGY

Volume XXVI, No. 1–2, 2000

Bulgarian Academy of Sciences

George Ignatov, Valya Vassileva, Sultana Dimova-Terziivanova. The oxidative properties of mitochondria and bacteroids from root nodules of soybean treated with organic acids	3
Ljudmila Simova-Stoilova, Klimentina Demirevska-Kepova, Zlatimira Stoyanova. Total and Rubisco specific proteolytic activity during dark induced senescence of barley seedlings	15
Anna Nikolova, Dimitrina Nedeva, Lina Tyankova. Electrophoretic patterns of proteins, isolated from soybean seeds grown under conditions of some mineral deficiency and after different periods of storage	27
Elena Yakimova, Veneta Kapchina-Toteva, Ivan Groshkoff, Galia Ivanova. Effect of BA and CPPU on protease and α -amylase activity of <i>in vitro</i> cultured explants of <i>Rosa hybrida</i> L.	39
Kalina Ananieva, Evguéni D. Ananiev. Interaction between methyl ester of jasmonic acid and benzyladenine during the growth of excised greening cotyledons of <i>Cucurbita pepo</i> L. (zucchini)	48
Yuzeir Zeinalov, Liliana Maslenkova. On the action spectra of photosynthesis and spectral dependence of quantum efficiency	58
<i>Review</i>	
Ivan Yordanov, Violeta Velikova. Photoinhibition of photosystem 1	70
