

*General and
Applied
PLANT
PHYSIOLOGY*

Vol. XXXIV, Special Issue, No. 1-2, 2008

**PROCEEDINGS
OF THE INTERNATIONAL
CONFERENCE
ON RESPONSES OF PLANTS TO
ENVIRONMENTAL STRESSES**

**Project PISA
Progress in Plant Investigations
for Improvement of the Sustainability
of Agriculture**

**Financed by
Ministry of Education
and Science
Republic of Bulgaria**

**Supported by the Municipality of Elena
12 - 18 May, 2008, Elena, Bulgaria**

*Acad. M. Popov
Institute of Plant
Physiology*

GENERAL AND APPLIED PLANT PHYSIOLOGY

Volume XXXIV, Special Issue No. 1-2, 2008

Bulgarian Academy of Sciences

U. Feller, I. Anders, K. Demirevska. Degradation of Rubisco and other chloroplast proteins under abiotic stress.....	5
H. G. Jones and P. Schofield. Thermal and other remote sensing of plant stress.....	19
S. Sulieman, S. Fischinger, J. Schulze. N-feedback regulation of N ₂ fixation in <i>Medicago truncatula</i> under P-deficiency.....	33
S. Mapelli, I. M. Brambilla, N. L. Radyukina, Yu. V. Ivanov, A. V. Kartashov, R. Reggiani, Vl. V. Kuznetsov. Free and bound polyamines changes in different plants as a consequence of UV-B light irradiation.....	55
A. Edreva, V. Velikova, T. Tsonev, S. Dagnon, A. Gürel, L. Aktaş, E. Gesheva. Stress-protective role of secondary metabolites: diversity of functions and mechanisms.....	67
K. Demirevska, L. Simova-Stoilova, V. Vassileva, I. Vaseva, B. Grigorova, U. Feller. Drought-induced leaf protein alterations in sensitive and tolerant wheat varieties.....	79
G. Sakthivelu, M. K. Akitha Devi, P. Giridhar, T. Rajasekaran, G. A. Ravishankar, T. Nedev, G. Kosturkova. Drought-induced alterations in growth, osmotic potential and <i>in vitro</i> regeneration of soybean cultivars.....	103
I. V. Kosakivska. Biomarkers of plants with different types of ecological strategies.....	113
